OPPOSITION TO

THE ARMS LEGISLATION BILL

**Don't let the Government ignore the submissions made by the
Firearm community that overwhelmingly opposed this Bill**

SATURDAY 8th FEBRUARY 10.00am – 12.00noon.

The Arms Legislation Bill is due back in the house on the 10th of February so **this is our last chance** to influence our MPs to stop it being passed.
Together we can succeed!

**We can show our Members of Parliament that there will be a cost to
passing this bill – and that cost will be
OUR VOTE and their SALARIES.**

As with past protests we are mindful that we need to portray a positive image, so we ask that all participants dress tidily, show respect to others and direct all discussion to the organisers. We are happy for you to bring your own banners but reserve the right to ask you not to display them if we think they could be misconstrued to portray us in a negative context.
